

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, AUGUST 16, 2005**, upon the application of **ROZEL OPERATING COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Marg Tex Zone, Reservoir A; the Marg Tex A Sand, Reservoir A; the Hayes Sand, Reservoir E; and the Camerina Sand, Reservoir G**, in the Midland Field, Acadia Parish, Louisiana.

1. To dissolve the unit created as the MT A RA SUA, by Office of Conservation Order No. 210-V, effective June 27, 1989, and to simultaneously create a revised drilling and production unit for the Marg Tex Zone, Reservoir A, designated as the MT RA SUA.
2. To create a single drilling and production unit for the Haynes Sand, Reservoir F, designated as the HAYES RF SUA.
3. To grant an exception to the spacing provisions of Statewide Order No. 29-E and to create a single drilling and production unit for the Camerina Sand, Reservoir G, designated as the CAM RG SUA.
4. To establish rules and regulations governing the exploration for and production of gas and condensate from the said units.
5. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the units so created, with each tract sharing in unit production on a surface acreage basis of participation.
6. To designate a unit operator and unit wells for the units created herein.
7. To consider such other matters as may be pertinent.

The Marg Tex Zone, Reservoir A, is hereby defined as that gas and condensate bearing zone encountered between the depths of 11,810 feet and 12,119 feet (electrical log measurements) in the Rozel Operating Company - Wild Family No. 1 Well, located in Section 19, Township 10 South, Range 1 West, Acadia Parish, Louisiana.

The Hayes Sand was previously defined in Office of Conservation Order No. 210-J-6, effective September 9, 2003.

The Camerina Sand, Reservoir G, is hereby defined as that gas and condensate bearing sand encountered between the depths of 11,032 feet and 11,084 feet (electrical log measurements) in the Rozel Operating Company - Wild Family No. 1 Well, located in Section 19, Township 10 South, Range 1 West, Acadia Parish, Louisiana.

Plats are available for inspection in the Office of Conservation in **Baton Rouge and Lafayette**, Louisiana.
